Ranking Member support of Titles IV and V of the Moving C
Operations Towards Modernization (MODCOM) Res

This resolution advances bipartisan recommendations from the Select Committee on the Modernization of Congress. In particular, Title IV (Making the House Accessible to All) and Title V (Improving Access to Documents and Publications) will strengthen transparency, increase accountability, and promote public access to government information. We commend the sponsors, comprising all the members of the Select Committee, for including provisions to improve access to Congressional websites for individuals with disabilities; ensure the adoption of standardized formats for legislative documents to bring greater
