

FAVORITE TRAVEL DESTINATION?

London. My mother grew up there, and I have been there seven times already.

FAVORITE WAY TO UNWIND AFTER A LONG DAY?

Take off my work clothes, change into something casual, and look at the newspapers I may not have been able to get to during the day (especially the funnies).

REMEMBERING IT

Outside of my marriage to my wife, Colleen, which I always say was the making of me, my greatest achievement is the publication of my pandemic- UHODWHG UH" HFW in a book. The reception those UH" HFWLRQV received brought into sharp focus for me the need for authentic justice, compassion, and inclusion in our world.

WHAT INSPIRES YOU MOST?

Seeing the positive energy of others. It's one thing for a person to say, "Look at what I have accomplished," but it's something entirely different when someone says, "I did this, and I know you can too. Let's work together to see how."
